

## CASTELLO DEL TERRICCIO

---

---

### TASSINAIA 2019

**Name:** I.G.T. Rosso Toscana (Tassinaia)

**Manufacturer:** Castello del Terriccio

**First Vintage:** 1992

**Grapes:** Cabernet Sauvignon, Merlot

**Analytical data:** Alcohol degree: 14%

**Type of land:** The soils where the vineyards are located are characterized by various and composite morphologies with a strong presence of stones and fossils; the altitude is between 100 and 300 meters above sea level, with a South / South-West exposure.

**Breeding system:** Spurred cordon

**Plant density:** 5.600 vines/Ha. for the old vineyards; 6.250 vines/Ha. for the new vineyards.

**Climatic trend:** 2019 was characterized by a highly variable climate, which alternated periods of cold and rain with long bouts of drought and heat. After a normal winter, the budding took place in the first week of April. The cold and rainy conditions throughout April and May significantly slowed down the vegetative vine growth, leading to a 10-day delay in flowering compared to the average. Very hot, rainless weather suddenly arrived in June and the weather stayed warm and sunny throughout the summer with temperatures about 2°C above average and 45 consecutive days without rain. The long dry period was interrupted by some days of rain in the last week of July, bringing the temperature back to the seasonal norm, with ideal conditions for ripening. The harvest began slowly on 5th September. As usual, the last week of September saw a lowering of temperatures which made it possible to preserve a great finesse and aromatic freshness. Sunny conditions returned after another rainy event towards end September, which allowed us to conclude the harvest of the later ripening varieties on October 4.

**Harvest period:** The harvest started at the end of August and finished the third week of September

**Winemaking notes:** Fining takes place in separate masses, by variety, in second and third passage French oak tonneaux for 16 months. After being blended and bottled it rests another 12 months in the bottle before being marketed.

**Aging:** The fining takes place in separate masses, by variety, in second and third passage French oak tonneaux for 16 months. After being blended and bottled it rests another 12 months in the bottle before being marketed.
